RESPONSE TO RESTRICTION REQUIREMENT

Hon. Commissioner of Patents
BOX: Amendment
Washington, D.C. 20231

Sir:

This is a response to the Office Action mailed on September 23, 2002.

First, the Office Action requires an election of one of Groups I, II and III defined therein. Applicant elects Group III, without traverse, which includes claims 43-45 and 58 drawn to a **Method for Removing Solids from a Manure Slurry**. Further, Applicant requests cancellation without prejudice of claims 1-42 and 55-57 drawn to the inventions of Group I and Group II.

Finally, the Office Action requires an election of species between allegedly patentably distinct species of the **Separator** invention of Group I and of the **Manure Management System** invention of Group II. Because Applicant elects Group III by this Response and cancels those claims drawn to the **Separator** and **Manure Management System** inventions, further election of species in this Response is moot.
